If you need to ask any questions or should you require further information, please contact us and we will be more than happy to help you out.

We look forward to offering our insurance protection to you and to your vehicle.

What to do if you have an accident

First of all stay calm. Here is what you need to remember:

1. By law, you must stop if there is damage to any vehicle or property, or injury to any person, or certain animals, including dogs and horses. You must give your name, ID card number, address and insurance details to anyone with good reason to ask.
2. Make sure you get the names, addresses and phone numbers of any drivers, passengers or pedestrians involved, and details of any witnesses. By law, drivers must provide details of their insurance company and their policy number.
3. If you have a camera with you (for instance in your mobile phone) it is always a good idea to take photos of the accident, of any road signs or markings and of any damage suffered by the vehicles involved, before the vehicles are moved.

4. Do not admit blame or liability for an accident or offer to pay for any damage.
5. If you are involved in a front-to-rear collision you and the other driver must complete the Accident Report Form. You do not need to leave the vehicles in the same position they were in when the accident happened. If you are obstructing the traffic flow move the vehicles to a safe area where you can complete the form. Remember to keep the Accident Report Form, which we provided you with when you took out this insurance, with you at all times.
6. In any other collision, as long as no persons have been injured, you are to call the Traffic Accident Warden service on [2132 0202](tel:21320202). You are required to remain on site until the warden arrives and to provide all the information requested. Do not move the vehicles unless ordered to do so by a Police Officer or by the warden. Follow any instructions given by the warden. We will receive a copy of the report drawn up by the wardens automatically and you will incur no charge for this service.
7. If the collision results in persons being injured, call the emergency services immediately on 112. Do not move any injured persons unless their life is in immediate danger, wait for the paramedics.
8. If, as a result of the accident, damage is caused to state-owned property then it is necessary to call the police who will come on site to draw up a report.
9. If you collide into or damage any other property belonging to third parties (such as boundary walls, trees, electricity poles, building facades or street furniture) please report the incident to the wardens who will come on site and draw up a report.

Contact us as soon as you can on [2134 5130](tel:21345130) to report your accident.

You can also email us or use our website to report the claim:
