

Roadside Assistance Motorcycles

Our **Motorcycle Policy** can be extended to include roadside assistance cover at an additional premium of €14.00. Cover will apply for breakdowns in Malta and Gozo, but it can also be extended to apply when using your motorcycle in any member state of the European Union for an additional premium of €15.00.

When you buy this cover extension an assistance and advice service for the recovery of uninsured losses up to €250 is also included.

Should you require local roadside assistance please call our contractor Spanner Motorcycle Towing on **9920 2004**. Our contractor is updated with details of all motorcycles that have roadside assistance cover.

If you intend to use your vehicle outside Malta please go to [our Motoring Abroad](#) page where you will also find information about roadside assistance cover when overseas.

The main benefits of the local Roadside Assistance service are:

1. 24-hour breakdown and towing service all over Malta and Gozo
2. Making your disabled motorcycle operable at the roadside where possible or upon failure to achieve this, towing it to a reasonable destination of your choice.
3. Emergency supply of fuel. This service is free other than the cost of fuel which you will have to pay for.
4. Transport to your home if the vehicle is towed to a repairer's site during night-time.
